**c) RESOLUTION TO SUPPORT NEW JERSEY SCHOOLS ON THE ENROLLMENT OF RESIDENT CHILDREN**

Whereas, the Department of Education has recommended to the New Jersey State Legislature that the funding of our public schools in the State of New Jersey shall be based upon the average daily attendance of school children which is contrary to current law (The School Funding Reform Act of 2008) which provides funding on the basis of average daily enrollment, and

Whereas, the Department of Education has determined that an appropriate average daily attendance rate of 96% shall be the level of attendance for all New Jersey school districts, and districts that demonstrate an attendance rate of less than 96% shall suffer a loss of school aid for the 2013/14 school year, and

Whereas, a 96% attendance rate is equal to a child being absent from school no more than seven days in one school year, and

Whereas, it is the opinion of the Cherry Hill Board of Education that a 96% attendance rate is an arbitrary standard to apply to all New Jersey School Districts and is contrary to the history of funding in this State and the School Funding Reform Act of 2008, and

Whereas, New Jersey school districts must staff, equip, feed, and transport our children based upon the enrollment of students, and we do not send teachers home, or stop the buses, or turn off the lights, or sell their textbooks when a child is absent for health or other family reasons, and

Whereas, the recommendation of the Department of Education to penalize districts by reducing school aid when a district cannot demonstrate an average daily attendance in excess of 96% simply shifts the burden to support a thorough and efficient education to the local taxpayer,

Now Therefore Be It Resolved that the Cherry Hill Board of Education does hereby declare that the recommendation of the Department of Education to provide school funding based upon the attendance of children for the 2013/14 school year is contrary to current law and fails to recognize that districts provide staff and resources for an adequate public education for all "enrolled" resident children in their school district, and

Be it Further Resolved that the Cherry Hill Board of Education hereby requests it's local legislators in particular and all legislators in general to reject the recommendation of the N.J. Department of Education to fund the public schools of the State of New Jersey based upon the attendance of resident children and to comply with our current school funding law which provides State support based upon the enrollment of resident school children.
