POLICY 3327.1

CHOICE OF VENDOR

The Board of Education recognizes its position as a major purchaser of goods and services in the community served by the school district. It is the intention of the Board to purchase goods and services of the requisite quality at the lowest possible cost and to invite widespread competition in order to achieve this end.

Whenever two or more proposals or bids of equal amounts are the lowest responsible proposals or bids submitted by responsible bidders, the Board of Education may award the contract to any one of such bidders as, in its discretion, it may determine.
