

BOARD OF EDUCATION

Cherry Hill, New Jersey

POLICY 6141

RESEARCH AND PILOT PROJECTS

1. The Superintendent shall be responsible for research and experimentation in curriculum and instructional methods and will periodically inform the Board of those areas in which such research and experimentation is being conducted.
2. The Superintendent shall bring to the appropriate Board committee for review, all major changes in curriculum and the instructional program including pilot programs.
3. The Board of Education shall approve all changes in the curriculum and the instructional program prior to implementation in the school district.
